REQUEST FOR RECONSIDERATION

Sir:

In response to the Office Action mailed March 29, 2002, and the Advisory Action mailed July 9, 2002 the applicants respectfully request reconsideration in view of the following remarks.

REMARKS

In paragraph no. 2, of the Advisory Action, the Examiner doubts that what is discussed in ISO 3146 also refers to a bimodal or multi-modal melting curve and points to the expression "single process". It is certainly true that one DSC peak refers to one phase transition, *i.e.*, "a single process". This can be, for instance, the melting of crystallites present. However, this is also one process, *i.e.*, a "single process", if the
